259     <h4>HTML, CSS and Javascript with Code Institute </h4>
260     <p>
261       As part of the Code Institute Software development program,
262       I undertook a HTML, CSS and Javascript
263       coding program.
264
265       This program allowed me to create a Recipe website along the way
266       encountering challenges that exposed my to the three pillars
267       of modern front-end web software development - HTML, CSS and
268       javascript. I used the repl.it web app which allowed me to
269       create the codes for the webpage and debug an issues with my
270       code
271
272     </p>
